National Union of Women Teachers

Head Office: 39 Gordon Square, W.C.1

Why you should join the N.U.W.T.

1. **Because** it is a Union organised entirely by women to safeguard and improve the position of women and it is only by united effort that the status of women teachers can be raised.

2. **Because** it works to secure equal pay, equal pensions and equal opportunities for women with men and to further this object has established an Equal Pay Committee in the House of Commons.

3. **Because** it believes that women teachers should be represented on all Local Education Authorities and should have direct representation in Parliament

4. **Because** at its Annual Conferences it has declared itself in favour of such sound educational policy as:—

(*a*) Reduction in the size of classes.

(*b*) Establishment of Nursery and Continuation Schools.

(*c*) Improvement in school buildings.

(*d*) Suitable and adequate equipment for all schools.

5. **Because** it presses unceasingly for these reforms.

6. **Because** it co-operates with other women's organisations in convening mass meetings to voice the opinions of women. It has held meetings to protest against false economy in education; it has been received in Deputation on this question by the President of the Board of Education and it has organised a petition to the Prime Minister to show the great body of public opinion there is against this attack upon the education of the children.

7. **Because** it believes that no educational reform is possible without an adequate supply of qualified teachers, which can be obtained only by raising the status, paying adequate salaries and improving school conditions, thus making the profession more attractive.

8. **Because** it is changing public opinion as to the value of women teachers in the nation's schools.

9. **Because** it gives expert legal advice through its Legal Department and provides for sick benefits through its Provident Sick Fund. The Mutual Aid and "Old Guard" Funds give help to those in need.

10. **Because** it convenes educational conferences, exhibitions, demonstrations and lectures, and is in the forefront of educational progress.

11. **Because** its many and varied social activities provide congenial recreation and companionship.

12. **Because** the help of all women teachers is required in making this Union a force to be reckoned with and a power for good.

P.T.O.
